# Before your Procedure

## 1. Complete the required forms:

Please complete the Patient Registration Form, patient medical history and additional pathology fees forms. Return completed by either

- Scanning and sending as a pdf (no photos). You will receive a confirmation email when received
- Mailing back in reply paid envelope
- Dropping them in person to the Centre

These forms must be returned at least 2 weeks prior to your scheduled procedure date. If you make an error, you can reprint the admission forms from the website

## 2. Your Procedure Time and Confirmation of Expenses

Two days prior to your procedure date the admissions team will call you with your arrival time, and update you in regards to and estimate of fees payable on the day. Please check with your Health Insurance Provider for accurate out of pocket expenses.

## 3. Information for Patients taking Medication

If you are diabetic or epileptic please ask your GP about preparation for your appointment. If you are on blood thinning medications please ask your GP if it is safe for you to stop these medications for 7 days before your procedure date.

## 4. Procedure Preparation

We recommend Moviprep as the bowel preparation prior to a colonoscopy. Moviprep can be purchased from any Chemist or from CDD. Please read the instruction sheet carefully which is enclosed and available on the website at [cdd.com.au](http://cdd.com.au)

## 5. Payment for your Procedure

Please arrange to bring any money that is payable on the day of your procedure as no accounts will be rendered. We accept mastercard, visa card, EFTPOS or cash. Make sure to bring all documentation that our Reception Staff asks of you, for your account to be in order. You must present any medicare, pension or Health Care Cards on the day to be eligible for claiming.

# Information for Patients

- ✗ Do not drive for 12 hours following your sedation
- ✗ Do not consume alcohol for 12 hours following your procedure
- ✓ If you are on a gluten free diet or other specific diet, please bring your own food and inform the nursing staff on admission

- There may be unexpected delays due to some patients having longer procedure time than anticipated and we will endeavour to notify you of the approximate delay.
- Please advise the person picking you up that we prefer that somebody is with you when giving the results of your procedure
- When you go home we recommend a friend or relative to stay with you, so you are not alone after sedation

# After your Procedure

The Centre for Digestive Diseases recommends that patients follow these instructions after any procedure that is performed under sedation.

- After your procedure(s), some bloating may be experienced as air may remain in your stomach or bowel. This should resolve after a few hours, but may last up to 24 hours. It can be helped by drinking warm fluids, massaging the stomach and passing wind.
- You may resume your normal diet immediately and return to work the following day unless otherwise instructed by your doctor.
- You may be given a prescription, or treatment information sheets to take home with you - Please read and follow these instructions carefully.
- You will receive results of your test as will your referring doctor. Please see your doctor as instructed when discharged from the Centre.

## Following these instructions will ensure your experience at the Centre for Digestive Diseases will be as comfortable as possible
